Nevada City Nugget

VOLUME IV, NUMBER 16 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA, THE COUNTY SEAT PAPER MARCH 3, 1930

JERRY SEAWELL ANNOUNCES HIS CANDIDACY NOW

Mr. Arthur Willoughby
Publisher of the Nevada City Nugget
Nevada City, California
Dear Mr. Willoughby:

In my endeavor to express to the people of this Assembly District my appreciation for the support they have given to me as their Representative, I am asking for the privilege of the use of the columns of your valuable paper: that I might convey to them my sincere gratitude for the confidence they have placed in me.

Under the terms of the reapportionment measure approved by the people at the General Election held in November, 1929, this Assembly District has been enlarged considerably, and now consists of five counties instead of two as heretofore. The new District will consist of Placer, Nevada, Sierra, Plumas and Lassen counties the second largest Assembly District in total area in the State.

As a Representative of the present District I have always put forth my best efforts for anything that would have been of benefit to the people of the District and have always opposed anything that would have been detrimental to the District.

I believe my record as an Assemblyman will vindicate this statement and after careful consideration I have decided to again submit my name to the people of this District that they might pass judgment upon my qualifications to act as their Representative, as a Member of the Assembly of the State of California, for the term of 1931-1932 as a candidate on the Democratic and Republican tickets at the August Primary election to be held this year.

Very sincerely yours,
Jerry Seawell.

ANDY HOLMES CHAPEAU IN RING FOR CORONER

With the formal announcement of Ainslie M. Holmes, well known as Andy everywhere, that he will seek the post of county coroner at the coming county election, interest in county politics will begin to warm up. Andy is the first one officially to shy his chapeau into the ring.

For the past 17 years, he has been prominently connected with the civic and business life of this community. At that time he took up his duties as manager of the Lane undertaking parlors. later he purchased the business which he has since conducted under his name. Several years ago he entered the Grass Valley field and last year constructed a handsome mortuary on Auburn street.

Mr. Holmes has always taken an active part in the civic life of Nevada City and for the past four years has honorably filled the post of city trustee and is at present the mayor. He has been secretary of the Chamber of Commerce and for the last four years has been the efficient secretary of one of our leading fraternal orders. He is a charter membe of the Nevada City Lions Club and is its vice president.

Many friends have given tenders of their active support over the county already.

NORTH STAR TRIBUTING IS NOW BEING STARTED

The tributing system which has produced so much wealth in the local district in by gone days is again being put in force on the upper levels of the North Star property with a block of ground assigned to a group headed by Murdock Morrison of Alleghany. Tim Fields and W. H. Daley are associated with Mr. Morrison.

Work has commenced on the 2700 level of the property and the old incline shaft of the North Star will be used. New cable to the amount of 4000 feet has been placed on the hoist drums. The ore extracted by the leasers will be run through ten stamps of the North mill. It is reported that leases will be taken on the Massachusetts Hill dump and possibly other portions of the property.

Jerry Seawell Nevada County's Friend Who Made Good on The Job at Sacramento

MINING CHAPTER HOLDS A LARGE MEET, AUBURN

In a meeting attended by nearly 100 mining men and those interested in the industry, the local mining chapter of the Mining Association of California held its fourth meeting in its comparatively brief existence at Auburn aSturday afternoon in the spacious offices of James D. Stewart.

The meeting was largely given over to addresses, the leading ones being by R. Llye Kimmel, state secretary, on the history of the state body ,and Charles L. Gilmore of Sacramento, on the new mutuial insurance company which will be ready to function as soon as it has secured the requisite number of members.

Resolutions deploring the proposed legislation taking away the surface rights of mining property within forest sererves were unanimously passed and ordered sent to our representatives and senators at Washington.

A committee of four to assist in securing applications from operators for the insurance company comprises A. R. Archibald of Grass Valley, Martin Costello of Forest Hill for Placer couty, Charles Moor eof Yuba City for Yuba county, and Ross F. Taylor of Downieville for Sierra county.

Committees were named to select a name and constitution and bylaws for the chapter, to report at the next meeting.

A number of new members have been added to the rolls the past week.

NUGGET GETS PRAISE FROM MARIPOSA MAN

Nevada City Nugget,
Nevada City, Calif.,
Gentlemen:

I have just read in the MARIPOSA GAZETTE, an article quoted from your paper, telling of the fight that Congressman Englebright made against that vicious and outrageous bill that was up before the Senate to limit the activities of the mining industry, trying to take the surface rights away from future mining claims.

We are fortunate in having a Congressman with guts to him, like Mr. Englebright, and the mining industry is also fortunate in having splendid publications, like the NEVADA CITY NUGGET and the MARIPOSA GAZETTE who are real boosters of mning.

If it is possible, I would appreciate if you would write me and let me know just what Senator or Senators advocated and pushed this bill as far as it went. Anything that you can tell me along that line will be greatly appreciated.

In closing I feel that it is my duty to thank you again for letting the people know of this outrage that was almost (but not quite) slipped over on the American prospector. I thank you again.

Yours very respectfully,
H. B. Brinham.

MINING PERSONALS

Peter Lassen was up from Los Angeles during last week. He inspected the property of the Pioneer Gold Mines company and prepared for new work.

Mr. and Mrs. Charles E. Rohm arrived from Los Angeles to remain for several days. He is interested in mining property near Nevada City.

Read The Nugget mining news.

QUEEN LIL MILL STAMPS TO DROP IN THREE WEEKS

Ten stamps will be dropping in the next three weeks on the new operations at the Queen Lil property just west of town, according to the present schedule of progress. This property adjoins the Champion ground on the west and the rich Nevada City ground lies just to the north. It was a part of the Champion holdings at one time but was purchased by the Buffington interests and has since been held by them.

The ore bins and two batteries are now being installed, the concrete block for the batteries having been poured some days since.

A fine surface plant has been erected at the property which is electrically equipt throughout. The headframe adjoinh the mill structure. The milling plant was formerly at the Sierra Queen mine just below the foundry and has been moved in its entirety.

The drifts are now out 100 feet from the shaft on the bottom level and as soon as the mill is ready to start quartz from the lower workings will be run through. Indications are excellent for large production as operations get fully under way. Much rich ground is known to exist in the adjoining Nevada City ground and this will be sought.

Gordon M. Bettles, general manager of the Yellow Tiger Consolidated interests has been financing the operations at the Queen Lil and expresses himself as highly pleased at the showing thus for made.

If the extensive Champion holdings could be brought back to something of their former activity and there is reason to believe that they can be, Nevada City can confidently look forward to another era of mining prosperity such as she once enjoyed. Bettles holds options from the North Star interests to their entire holdings north of Deer creek together with other properties which will give him abundant opportunity to inaugurate an extensive program of development in the next few years.

With Hoge to the north, the Murchie to the east and the Telluric to the south, Nevada City will be well surrounded with mining operations.

BAHLS PROPERTY NOW WASHING GOOD GRAVEL

Gravel washing operations are now under way at the new Bahls property at the west end of Cement Hill and a good showing is being made. Extensive surface works consisting of ore bins and washing plant have been installed.

Two gravel channels are being opened up at the present time, one of the white variety and the other black. Quite a bit of drifting has ben carried on the past year, being done in the bedrock under the channels which were picked up in raises run.

The operators are running a crew of ten to fifteen men at the property and prospects are good for developing a real producer.

SIERRA COUNTY BOOSTERS

Ross F. Taylor and George R. Costa, two of Sierra county's leading bossters, were Nevada City visitors Friday while on their way to Sacramento for a brief stay. They expected to stop in Auburn Saturday afternoon to take in the mining meeting before returning home.

They have been active in promoting the well being of the new state mining association in Sierra county and the past week sent out nearly 200 letters to mning men of that section to become affiliated with the statewide movement. Sierra county already has a number of members in the state association and so far has been affiliated with the local group.

Mrs. C. B. Schwartz visited her sister, Mrs. Charles A. Deeble in Auburn recently. Mrs. Deeble was seriously injured in an auto accident a few days ago.

J. E. Taylor left this morning for Sacramento on business.

IDAHO HITS RICH SHOOT OF ORE ON 1600 LEVEL

Things are looking pretty promising on the 1600 level at the Idaho Maryland where a six foot vein has been cut into showing heavy sulphides which will run over $2000 per ton. Over 1000 feet of shoot has been exposed already with solid ribbon quartz running 4 to 11 feet wide.

The large rich shoot was first picked up on the 1900 level and raises have been run at strategic points to the 1600 level to open up the ore body which is proving one of the most extensive yet uncovered in this famous property which in its heydey produced nearly thirty millions and paid over seven million dividends. It is the expectaton of the company to mill out this shoot through the present Idaho plant before attempting connections with the Brunswick property which is now owned by the Idaho company along with the Union Hill.

A new system of classifying and double concentration is now in effect in the 20 stamp mill which is working satisfactorily. General Manager MacBoyle reports that $1000 was saved last month by the new system. The mill is working continuously and the values are very satisfactory.

The Idaho is running a large crew and is adding materially to the industrial activity of the district.

PIONEER IS PLANNING ON MANY IMPROVEMENTS

With the installing of a larger compressor it is expected that work of sinking the winze at the Pioneer mine will be resumed. Operations were halted at the property recently as the depth reached in the winze had reached the maximum capacity of the surface equipment to handle safely.

The company proposes to sink the winze another 100 feet and then do 500 feet of drifting which it is estimated will gve at least 75,000 tons of fne milling ore ready for extraction. If the shoot of fine sulphid e ore already exposed in the winze, holds up, the winze will be upraised on a 55° pitch to the surface to provide a new working hhaft for the property. A new shaft is neeled as the present one is inadequate for economical operations and with a new working shaft and surface equipment, the company will be in a splendid position to go onto a producton basis with sufficient ore blocked out to warrant the installation of milling facilites. The company has proceeded along conservative lines in developing the property to date and in this particular is to be highly commended as there are too many monuments about the country to over-ambitious companies who did not do sufficient development work before engaging on an extensive milling program.

The Pioneer interests are in an excellent location from a geological standpoint to set up one of the district's large and profitable prducers in th enext few years.

SEATTLE MINING MEN INSPECT PROPERTIES

W. C. Hall, Charles Petersen and C. J. Durwachler, all of Seattle, and former Alaska mining men, have been inspecting gravel properties the past week with a view to bonding them. They came primarily to look over properties at Quaker Hill belonging to A. H. Turner of Colfax. Owing to the inclement weather they were unable to get in at the present time but looked at several other properties of this section and expressed themselves as highly pleased with the mineral looks of this district. They were visitors at The Nugget office and complimented the publisher on the fund of information available on the mining industry of the county.

M. Flint of Oakland is here for a bref visit with his grandmother, Mrs. M. Grimes.

MINING LOCATIONS FILED COUNTY RECORD

The following mining claims have been filed for county record.

Whiting, Shaw, Bridge, Simpson and Beauchamp placer by South Yuba Co. Ltd., in Washington Mining district by F. A. Beauchamp and W. E. Plank, engineers and Charles H. Shaw, secretary of the company.

BRUSH CREEK IN RICH SHOOT GETS SPECIMEN ORE

Many rumors have been prevalent as to the value of the rich strike made recently at the Brush Creek mine, the estimates running as high as $50,000. The information given The Nugget officially is that it was approximately $1000. The pocket was struck in the side of the drift in the footwall and furnished a powder box of specimen ore.

At the time the drift was run last July there was some color showing at the spot but it was left at the time. Supt. Lichtenberg the other day put in two holes to open up the place and a lot of rich rock came tumbling out. This was run through the mill and showed excellent returns. The ledge is about 26 feet wide at that point. The specimens were well clustered and showed a lot of arsenical sulphides.

The ore shoot at point of strike has been proven for a distance of 200 feet and shows values the full width of the ledge. All the ore from the ledge is being milled and the mill heads are showing good returns. The mill is running one shift and the ore is remarkably free from outside metals. There is ample ore on the present level to keep the mill running for a long time. The company contemplates running upraises into the old workings and throughly explore the upper level before sinking to greater depth.

Pesident Ben F. Ballard and Director O. Opland of Santa Rosa were here last week checking up on the strike and conferring with Supeintendent Lichtenberg.

MORE MONEY DEMANDED FOR MINERAL DISPLAYS

The Northern California and Sacramento Chapters of the Mining Association of California have taken the lead in demanding that the state fair officials put the mineral displays at the exposition on a little higher plane hereafter. Heretofore more attention and much larger prizes were given to horse shoe pitching than to the mining displays.

It is proposed that a cup and that sweepstakes prizes of $100, $75 and $50 be awarded in the metallics and a cup and sweepstakes of $25 and $20 be given in the non-metallics.

One year the state fair gave $1000 prizes for pitching ringers and the same year only $70 for mineral prizes.

If the Sacramento Chapter will take the lead in sponsoring a central mineral display it will go a long ways toward bringing to the thousands of state fair visitors the importance of one of our great industries.

COUNTY CLERK COUGHLAN RETIRES AFTER 24 YEARS

After 24 years of public service for Nevada county as county clerk and auditor, George Coughlan is planninghis retirement after the present year. R. N. McCormack who has been chief deputy in the office during Mr. Coughlan's incumbency will make formal announcement of his candidacy in these columns next Monday.

Mr. Coughlan has but one superior in the court house in the point of length of service, being exceeded only by County Assessor Henry C. Schroeder. He has myriad friends who will extend him best wishes on the completion of nearly a quarter century of public service.

MEADOW LAKE IS TO GET STARTED COMING SPRING

Plans have been completed for extensive operations in the famous Meadow Lake district north of Cisco this spring as soon as the snow has suffciently disappeared to enable the moving in of machinery and supplies. The work of consolidating a large number of claims on Old Man Mountain have been carried on the past year or so and will be developed under one central plan of operation. Financing of the operations with Eastern capital is sad to have been completed so that that the work can proceed with celerity as soon as the weather permits.

The Meadow Lake district has been one of the world's great mining disappointments up to the coming of improved metallurgy which will make possble the saving of the values in the ore which have hitherto escaped ordinary processes of extraction. At one time there were many thousand people in the Meadow Lake camp but the primitive methods of metallurgy used soon caused its abandonment and for years past there has been but desultory prospecting and relocating of claims. A meallurgical process is said to have been developed which insures a high percentage of extraction of values from this type of ore and installation of a unit of 350 tons daily capacity is said to be contemplated.

A group of 24 claims taking in practically the entire mineralized area of Old Man Mountain have been taken over by the Metal Products Holding Corporation. The five principal veins on the Carlisle property are fissures with a northwest strike and bold outcrops running from the base to the crest of the mountain. The veins are said to range in width from five to 30 feet and indicate marked uniformity in character and value throughout. With the precipitous slopes tunnels at the base will give backs from 800 to 2300 feet, making for economical handling of the ore between the stopes and the mill.

The sulphides ore of the Carlisle group is a fine grained primary ore, highly siliceous, carrying gold and silver and heavily impregnated wth iron pyrites and chalcopyrite. The gangue is silica and finely disintegrated country rock. Flotation tests tests which have been conducted on the ore, indicate a complete separation of the various metals and high recovery of gold, copper and silver with minimum loss in the tailings.

Tunnels run on the Eagle vein indicate values running from $14.60 to $20.00 per ton in gold while workings on the Falcon, Telluride-Mother Lode and Free milling veins show values of from $10.00 to $20.00 per ton in gold. Large tonnage is indicated in all the workings.

Preliminary development plans call for running or extending at least three of the tunnels and as soon as sufficient tonnage has been developed, to erect milling facilities. Electric power is but two miles distant from the property and water for power and milling is available from Phoenix Lake and Fordyce creek. There is an abundance of timber.

Harry D. Ramsay has been in charge of operations at the property. Fletcher Hamilton, former state mineralogist, is consulting engineer.

The projected operations will be watched with a great deal of interest. Should the flotation process prove adequate to handle the type of ore in that district it will mean the reviving of a once great industry n that section of Nevada county.

Mr. and Mrs. Wm. Ray of San Francisco have been visiting the latter's parents, Mr. and Mrs. F. F. Breese.

Mr. and Mrs. C J Temby of Oakland have been the guests of Mr. and Mrs. C. H. Ninnis. Mrs. Ninnis and Mrs. Temby are sisters.

Mr. and Mrs. George Taylor, Berkeley, Mr. and Mrs. Rouse of San Francisco were house guests of Mrs. Bessie Nickless.

COZY CORNER CHAT

THERE IS ONE thing certain. The many subscribers of this paper are intensely loyal to its principles for which it has fought during its more than three years of a busy existence. We continually hear of something nice that some friend of the paper has uttered. One such recently came to us that was amde by L. Hyman, formerly in business here but now of Los Angeles. We have never met Mr. Hyman but judging by the way he is pulling for the paper, we are looking forward to such an event with a great deal of pleasure. He has taken The Nugget for the past two years and the other day he ordered a copy also sent to one of his San Francisco stores. You know there are always a lot of curbstone boosters in every town who never jingle any money in the cash drawer. It takes money to keep the wheels turning in any business and running a newspaper is no exception. We are very proud of the loyal army of friends who have been generous with their subscriptions and their kind remarks. They help mightily over the rough places.

THE OUTLOOK FOR THE mining industry in and around Nevada City this spring is mighty encouraging. With the Murchie working 80 men just to the east, the Hoge Development Company putting over a large program to the north, Gordon Bettles getting a 10 stamp mill ready for operations just west of town and the prospects of large developments in the Nevada Basin to the south, is it any wonder that things are looking up around here? Add to this our coming turpentine industry, the completion of our state highways opening up our scenic wonderland, a Class A airport in sight, Nevada City has real reason to feel up and coming after the gloomy days she passed through for some years. She can remember that she has her own newspaper pulling for her right along. You know that latter item is quite an important connection in any community that wants to get ahead. Without its own newspaper to be continually tooting the community horn, a town is rather up against it if it hasn't its own individual medium of expression. With the business men pulling solidly with their home town paper and giving it their advertising and their printing in generous measure, there isn't much that Nevada City may not look foward to in the way of material progress.

THE LARGEST THING the Mining Association of California is attempting to put over is the new mutual insurance company, designed to take a large portion of the onerous burden put on the mining industry by the autocratic rating board of the state compensation fund. With the application forms now ready for signing it is to be hoped that the mining operators will grasp the opportunity to get behnd the one worth while thing that has come forward in a decade to put a basic industry on its feet once more. There are strong indications that the new company will play an important part in shaping up our mining industry of the future. It should be entirely possible to cut the cost of compensation insurance at least in two and save many thousands of dollars to the operators as the company gets to functioning in effective fashion. Boost it along! AAW

THE NOISY HALLS

By Lois Eden

Why do we need loud laughter going on at school? Some students think the one who makes the most noise in the halls is the most important. This is not true, of course, and we should all try to prevent loud or boisterous laughter.

We all want to bring our school up to a high standard. Limiting the noise will greatly help. Students, by the time they enter high school, ought to be able to refrain from loud noise. The students who really want to study before school starts, do not want to sit in the study hall, pondering over a difficult lesson, and then have to listen to the boisterous noise in the halls. Let's have more respect for ourselves and others than to create unnecessary noise.

There is only one thing to be done, and that is for each individual student to be less noisy in the halls. This does not mean one must be almost silent. Just refrain from loud laughing. Laugh, talk, and have a good time talking and joking with your classmates, but do not be boisterous. The teachers and pupils will have more respect for a student if he is more quiet. This is not a hard task at all, although it may sound hard. Let us all cooperate and make this school one of the best.

NEW WATER RATES ARE SET BY THE DISTRICT

A new schedule of water rates have been set by the Nevada Irrigation District, chief among which is that the Placer county users will receve a rebate of $9 per inch from the rate they have been paying the Pacific Gas.

According to report the Yuba county area gets an increase of $8 to $36 per inch.

The reported schedule for Nevada county is $24 per inch for orchard, truck and field crops served direct from the district system; $20 per inch per season for pasture including alfalfa; surplus waters 5c per inch per 24 hours; domestic rate $4.50 per quarter.

Quite a sale of delinquent parcels was conducted last week at the meeting.

KNOW THEIR BUSINESS

"We have a bureau whose duty it is to read each week the country newspapers from all over the country. There is not a paper of any consequence in our trade territory that ou bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local paper we immediately flood that territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants use their local papers", said the advetising manager for a large mail order house.

With this sort of testimony staring country merchants in the face all the time, who can blame newspaper men for getting a bit impatient at them when they fail to take advantage of their opportunities?

It has been proven time after time that one sure way to get businehs is through newspaper advertising.

And yet, country merchants continue to sidestep it, and try some "schemes" of some sort, and generally finish with a declaration that "advertising doesn't pay," and blame all of their misfortunes on th email order houses.

Country merchants should make advertising a real part of their business and give it real attention, as the mail order houses lo. (Siskiyou Time).

Mr. and Mrs. Paul A. Fischer of San Francisco visited friends in Nevada City recently. He is now a member of the police department in San Francisco.

WHY WE NEED A GYM

By Holden Pierce

In the days that our high school was built, gymnasiums were thought not to be needed, but now they are very badly needed. It could not only be used for athletics, but for almost all school activities, such as, plays and parties. In order that we could have our school plays there, it would have to have a stage built in it, but this is very simple in the plans for modern gymnasiums. For basketball it would be very convenient. Although we have a place to play basketball, it is very unhandy to get to because basketball season comes just about the time we have our worst storms. It means that the players must walk down to the hall in the rain and wet.

The same hall that is used for basketball is used for Junior Prom and Senior Ball, given by the respective classes. This means that they must pay the rent, which amounts to twenty five dollars for each party.

Although the cost to build a gymnasium would be great, the amount that is paid out each year for the Red Men's Hall and for the theater amounts to at least two hundred and thirty dollars a year.

ASSOCIATION LUNCHEON

The Girls' Association are giving a luncheon Wednesday noon, March the fifth. This is the second of a series of luncheons that the girls are planning to raise money to buy curtains for entertainments by the student organizations at the theatre. The expenses of the luncheon will be deducted from the amount taken in from the sale.

JUNIOR CLASS MEETING

The Junior Class was called together Thursday, February the twentieth, for the purpose of discussing whether or not to give the Senior Banquet. The Banquet has heretofore always been given by the Seniors. The class not only decided to give the Senior Banquet but to give a food sale for the purpose of raising money for it.

The committees for the Junior Prom, as submitted by the president, are as follows:

Decoration Committee:—Cecelia Genasci, Deynes Foley, Tom Hogan, Calvin Fisher, Vernon Sandow, Ruth Smith, Ruth Mezgar.

Finance Committee:—Bill Jeffrey, Bernice Coughlin.

Punch Committee :— Gertrude Marriott, Lois Eden.

Music Committee :— Margaret Rector, Joe Sbaffi.

SENIOR MEETING

A senior meeting was held Wednesday, February 26 to decide whether or not the Seniors wanted to accept the Juniors' invitation to a banquet given by the Juniors for the Seniors. The invitation was declined. A motion was passed that the Seniors hold their banquet in the customary place. The Juniors are to be invited to the dance following the banquet.

GOLF TOURNEY OFF

Because of wet conditions, the tournament scheduled with Placerville for the local course was cancelled and will be played at a later date. Two grass greens are being prepared for the course and will doubtless be so popular that all the greens will be made into grass ones.

GRASS VALLEY PERSONALS

Stewart Verser and wife of Sacramento visited with Mr. and Mrs. L. C. Verser.

Mr. and Mrs. J. N. James spent the past holiday and Sunday in San Jose visiting relatives.

John Truscott and mother, Mrs. Hattie Truscott, and William Reed attended the Shrine show in Sacramento.

Mrs. A. H. Iliohan and daughter, Adrienne, of Oakland visited with Mr. and Mrs. E. H. Hocking and family.

Misses Fanny and Grace Curnow of San Francisco were guests of Miss Evelyn Provis.

NEVADA CITY LOSES

By Donald Macari

Tuesday evening the Nevada City High School "B" team held a practice game with the Tweedy Chevrolet team from Auburn. As soon as the game started, the Nevada City boys took an early lead and held it until the second quarter. From the second quarter until the half of the third Nevada City failed to put the pigskin through the basket while Auburn sank eight more baskets for a score of twenty to nine. From the second half of the third quarter until the end of the game Nevada City scored eleven points to Auburn's sixteen. The final score was thirty six to twenty in favor of Auburn. The game was cleanly played, with only three fouls catching the eye of the referee. It was a good practice game for Nevada City for the big game that's going to be played at Redmen's Hall, Saturday, March 1, Nevada City between Nevada Citys "B" team and the Placer Union High School "B" team.

SENIOR POSTER CONTEST

There is to be a poster contest held for the advertisement of the Senior Farce, "Peekaboo Lady".

The first prize will be two tickets to the Senior Farce on April 3. The second prize will be one ticket to the Farce.

These posters are due March 13.

CORRESPONDENCE

Through the Secretary of the International Club in San Francisco, the foreign language classes of the Nevada City High School are setting up a correspondence with English students in foreign nations. The Spanish classes of the high school will correspond with English students of Spain. French classes will correspond with English students in France, etc. The purpose of this correspondence is to promote mutual feeling between the young people of all nations. It also teaches us the language and customs of other nations. This international feeling will help to prevent war in future years.

The club also aims to train students in the foreign languages so that these students may fit themselves for government work in foreign countries.

CELEBRATE BIRTHDAY

Washington's one-hundredth and ninety-eighth anniversary was celebrated by a program in the Assembly Room, Friday 21.

Bob Polglase, chairman, opened the program by having everyone salute the flag.

The selections on the program were as follows:

Life of Washington, Deynes Foley
Address of Wm. H. Faunce, Pres. Brown University on Life of Washington, ... Gertrude Marriott
Tribute to Washington, Addison Janes.
Ballad of Washington, Madeline Himes.

MARCH CALENDAR

March 1—Basketball, Nevada City B vs. Auburn B.
Mar. 4—Girls' Association Luncheon.
Mar. 5—Honor Society Candy Sale.
Mar. 8—Senior Food Sale.
Mar. 11—Physical Education Program 1:30 p. m. Open to the public.
Mar. 11—Freshman Candy Sale.
Mar. 14—Sophomore Party.
Mar. 14—Student Body Meeting.
Mar. 19—Honor Society Card Party
Mar. 29—Girls' Association Food Sale.

FOOD SALE

The Sophomore class held a food sale last Saturday, February 22, at the Odd Fellows building. Cakes, pies, salads, and homemade bread were sold. A neat profit of almost $14. was made. The Sophomore class wishes to thank the people for their patronage.

SCRAP BOOK

The English I Class in charge of Mr. Pedersen, have made Classic Myths scrap books. These books will be judged and the 10 best are to be kept for exhibit. Many good books were turned in.

SOPHOMORE PARTY

A meeting was held by the Sophomore Class to make plans for the annual party which is to be given March 14. It is to be in the form of a barn dance. Boys are asked to come dressed as cowboys and the girls in plain old fashioned dresses. A prize will be offered to the most appropriately dressed couple. A small charge will be made in order to pay for the orchestra and there will be refreshments served.

Miss Georgia English of North Bloomfield is visiting friends in San Francsco and Berkeley.

Mr. and rs. A. J. Shorten and family have returned from San Francisco.

Curly Maple

The forest service says that the cause of curly maple is not entirely known. It appears to be an accidental phenomenon and it is believed that it is not hereditary. Curly maple is secured from occasional white maple (sugar maple) trees among the stands of white maple trees throughout the Lake states. In the curly maple varieties the bark curls inward, forming a notch or depression. Experienced persons can identify curly maple trees by cutting into the bark. In the curly maple varieties little dimples or depressions will show in the wood. Curly maple can also be identified from the ends of the logs.

Waters From Icefield

The stream which ends in the famous Takakkaw falls in Yoho national park, British Columbia, is fed by the melting waters of the Waputik icefield which lies upon the summit of the Great divide. Flowing down the mountain for over half a mile it reaches the precipice that walls the east side of the Yoho valley. Here it takes a leap of 150 feet over the edge, then, gathering itself together, falls in a glorious curtain 1,000 feet down the face of the cliff, and finally tumbles in a magnificent cascade of 500 feet into Yoho river.

CAMPTONVILLE PERSONALS

Acton M. Cleveland has been commissioned a Notary Public by Governor Young, to fill the vacancy caused by the death of the late Samuel J. Fraser. He is the only Notary between Downieville and Nevada City.

Fred J. Joubert motored to Downieville Saturday.

Mr. and Mrs. Eugene H. Hays and son, Calvin, motored to Browns Valley to spend the week end.

Wm. Perry of the Perry Jefford Funeral Home of Nevada City, was in town to conduct the funeral of the late Samuel J. Fraser.

Miss Lola Labadie, who has been visiting. her aunt and uncle, Mr. and Mrs. F. S. Labadie at the Hotel Francis, left for her home at Browns Valley.

A. Hale has arrived from the valley enroute to the river where he will do some prospecting.

Supervisor B. L. Hames of Sierra City was in town to attend the funeral of the late S. J. Fraser.

District Attorney H. B. Neville of Downieville, John Woessner, Nick Costa and several other members of the Downieville I. O. O. F. were in town attending the funeral of the late S. J. Fraser.

Ross C. Zaring has returned from Berkeley where he visited.

William A. Lang, proprietor of the Lang Garage, motored to the Brush Creek mine to repair the hoist.

Mr. and Mrs. Charles A. Jones and Mrs. Elizabeth Fraser were here fom San Fancisco to attend the funeral of their father and husband, the late Samuel J. Fraser.

Samuel F. Price arrived from San Francisco to attend the funeral of his brother-in-law, the late Samuel J. Fraser.

Great Britain

Britannia Major, meaning Great Britain, was the name formerly given to the whole island to distinguish it from Britannia Minor, which was the name given to Brittany. James I used the title king of Great Britain, but without the sanction of parliament. It was not officially adopted until after the union of England with Scotland in 1707. After the union with Ireland in 1800 the country became known as the Kingdom of Great Britain and Ireland.

Not for Her!

Small Jeane, who had been used to having her hair cut at home, was taken to the barber shop for the first time. Proudly she was seated in the chair. When the current was turned on so the clippers could be used she became terrified.

"Stop it, stop it!" she sobbed; "I won't have a vacuum sweeper on my head."

Scottish Abbey Holds Relics of Robert Bruce

Subject to the fulfillment of certain conditions, the trustees of Professor Noel Paton handed over the following articles to the kirk-session of Dunfermline abbey: 1. A portion of the skeleton of King Robert the Bruce, namely, the metatarsal or bone of the great toe. 2. A small portion of the outer leaden shroud of King Robert the Bruce. 3. A small portion of the toile d'or in which the body of King Robert the Bruce was wrapped. 4. The remains of one of the iron nails which were found among the remains of the coffin in which the body reposed. 5. The remains of one of the six iron rings, or rather handles, which had been filled in with lead into the largest of two stones protecting the vault of the Bruce when first discovered on February 17, 1818. 6. Twelve fragments—white marble and calm stone—"believed to be portions of the magnificent monument of King Robert the Bruce at Dunfermline destroyed by the Lords of the Congregation." The relics are preserved in an oak glass-fronted cabinet placed alongside of the abbey pulpit erected immediately above the vault of the Bruce.—London Mail.

MINING PERSONALS

Mr. and Mrs. Wh. A. Simpkins arrived from San Francisco on a brief visit. Mr. Simpkins is connected with the engineering department of the Empire-Star mines at Grass Valley.

Andrew Bachels, mining man of Goodyears Bar, was a business visitor in Nevada City during the past week.

Henry Holland, formerly of this city, visited his mother, Mrs. Mary Martin, during the week. He is now a Sacramento fireman.

Charles Powell of San Francisco visited in Nevada City last week. His father, the late Rev. W. C. Powell was rector of the Episcopal church in this city during the early eighties. Mr. Powell is spending some time in this vicinity for the beneft of his health.

Mr. and Mrs. Harry Quigley came up from Richmond for a week end visit.

STATE MINING NEWS

SISKIYOU COUNTY

An old property in the Greenview district that produced $300,000 in early days has now been found to have gold showing in the ocher deposits that had been thrown aside as useless when working the quartz. The mine is to be reopened.

CALAVERAS COUNTY

Work at the Union mine near Mokelumne hill has been held up owing to water shortage. The gravel being washed is said to have shown good values and the operators are endeavoring to secure a supply.

TOULUMNE COUNTY

A pocket amounting to several thousands of dollars was uncovered in the Sugarman mine the past few days. The strike was picked up in a winze from the 250 level.

Options on the Harvard group near Jamestown have been taken by M. P. Waite of Los Angeles. Considerable development is said to be contemplated, running drifts from the Rawhide and Harvard shafts on the 2000 level each way and extending the full length of the claims, 2½ miles. Diamond drills for prospecting are to be used. The Harvard is credited three million and the Harvard with six million production. The mines have been idle for a a number of years.

The shaft at the Erin Go Bragh at Stent is now down 200 feet and making good progress. Steve Rowe, Jr., is superintendent.

MARIPOSA COUNTY

Excellent ore is reported in the No. 2 south drift at the Feliciana mine. At a point 900 feet from the shaft a 3½ foot vein showing free gold was cut. Ten men are employed. Releigh Casad of Merced is one of the owners.

Electric power has now been installed at the Mother Lode Extension mine. A new compressor has been installed and Overstrom tables will be used in the concentrating plant.

SIERRA COUNTY

A lease has been taken on the tailings at the Ruby mine by C. W. Wittstruck.

The old 40 foot shaft at the Triple Pocket mine is being deepened. New equipment installed includes a hoist, compressor and concentrator. The property was purchased last year by C. J. York and Addison Brown who are developing the same. Mr. Brown is in charge of operations. The property is located in Slug Canyon and shows an excellent formation. Its past production is given as $200,000.

J. M. McMahon of Nevada City is reported to have bonded his Bald Top properties to a group of Los Angeles capitalists who will conduct perations on a large scale this spring.

It is reported that the Cordelia and Monitor claims owned by Mrs. Anna Perfield are to be bonded to Portland interests which have the Eagle Bird, Elcy and other properties in Jim Croy canyon.

The tunnel to tap the channel in the Omega property west of Forest has struck the gavel and crosscutting will be undertaken to locate the rims and dip of the channel. New machinery has been installed. Charles Spengler is manager.

The Bigelow mine at Sierra City has recently been experted by Los Angeles capitalists.

The William Tell mine near Sierra City owned by Mrs. N. Wade is reported bonded to outside parties who will commence development work in the spring.

A strike is reported from the Finney mine operated by H. J. Stark.

AMADOR COUNTY

Patrick Hopper and Louis Popper are charged with having entered the mill at the Moore mine and having removed therefrom 1000 pounds of copper plate and an electric motor. Of the 19 plates missing, 17 were recovered from a Sacramento junk dealer by the sheriff. Information against the paid was filed in superior court by the district attorney.

George Johns and family came up from San Francisco to visit with Mrs. Matthew Tonkin and family.

Mrs. Samuel Whiting and two daughters came up from Berkeley for a short visit with relatives in Grass Valley.

Willard Ault has returned from San Francisco where he spent several days.

Mrs. Josiah Henwood and daughter are home from San Francisco where they visited Lloyd Henwood who has been seriously ill in a hospital with blood poisoning. He is improving but has to remain in the hospital.

Mr. and Mrs. James Penrose visited in Sacramento last week.

LEGAL NOTICE

NOTICE FOR PUBLICATION

Department of The Interior

U. S. Land Office, at Sacramento, Calif.

NOTICE is hereby given that JOHN EDWARD COOLEY, of Nevada City, who, on Dec. 17, 1923, made Homestead entry, No. 014738, for E½E½ Lot 2, SE¼NW¼, SW¼NE¼, N½NW¼SE½, N½S½NW¼SE¼, Lot 5, Section 30, Township 17-N, Range 9-E, M. D. Meridian, has filed notice of intention to make final Proof, to establish claim to the land above described, before Register, U. S. Land Office, at Sacramento, California, on the 26th day of March 1930.

Claimant names as witnesses: J. Clarence Hall, Peter Arbogast, Thomas H. Mooney and John M. Cooper, all of Nevada City, Calif.

JOHN C. ING,
Register.

First Publication, Feb. 17, 1930.
Dates of Publication, Feb. 17, 24, March 3, 10, 17, 1930.

MARIPOSA COUNTY

The Mariposa boosters haven't been letting any grass grow under their feet with telling the world about their specimen strike down at the Spread Eagle mine. They organized a pack mule train which paraded Market street in San Francisco with plenty of ore in sight and souvenirs were distributed to the bystanders while Governor Young and Mayor Jim Rolph were presented with nuggets after they had told of their love for the men of the mountains and the Mother Lode country.

Ten men are reported working at the Devils Gulch barium mine.

The Butte Boys property on the Merced river below Bagby is to go onto a production basis this spring after an extensive campaign of development. Oil flotation will be used in treating the ore. There are sixteen claims in the property. Electric power is available. G. W. Bever of Bagby is president. Elmira, New York, capital is interested.

ed

EL DORADO COUNTY

A bond has been taken on the Mac-Lit property in the Rescue section by Percy L. May and associates of Oakland. A hoist is being erected and crosscutting on the 65 level is showing good results.

SHASTA COUNTY

Ore running $600 per ton is reported from the Buena Vista mine west of Redding. A five foot ledge was cut on the 100 level. The mine is under bond to H. G. Graves and Charles P. Richmond of Oakland who are directing operations.

SISKIYOU COUNTY

A mill has been purchased for the Siskiyou Syndicate mine in Quartz Valley and ten men have been added to the crew. Assays taken show the ore to carry good values.

The Roxbury mine at Scott Bar will go into operations by May 1st. It is a hydraulic property.

Mr. and Mrs. W. J. Thomas and two children of Oakland have been visiting Mr. and Mrs. T. H. Williams

Mr. and Mrs. W. T. Waldron and sons arrived fom Oakland and visited with Mr. and Mrs. Ray Whitburn and son, Bobbie.

Mrs. Wm. Ducotey, Mrs. Stennett, Sr., and Miss Hazel Ducotey drove to Sacramento and returned with a new six.

J. C. McCormick is visiting in San Francisco and Los Angeles with friends.

Miss Elizabeth Hartung was up from Sacramento on a week end visit.

Anthony Woody arrived from Fresno Friday and returned with Mrs. Woody and daughter, Barbara, to make their home in the southern city.

Wilford Holman, son of Joseph Holman and a former Grass Valley resident was here from Oakland visiting old time friends.

How Term "Thirty" Came to Symbolize an Ending

Charles Payne Smith gave the following information in the Typographical Journal regarding the origin of "30" as used by newspaper men and telegraphers: "The first press association organized in Civil war times was composed largely of morning papers published near the eastern seaboard. Each paper sent into the central office items of local interest, which were there edited and telegraphed to all members. It happened that the first message sent to the association totaled 30 words and this figure, with the words 'Good night' and the signature of the sender, was placed at the bottom of the sheet by the operator. At that time piecework was the rule on all papers. The daily grist was usually set up, corrected and in the forms by 10 o'clock, but the compositors were compelled to wait around at their own expense until the foreman announced that '30' was in. So '30' became a byword among printers, symbolizing the end."

SEND IN YOUR MEMBERSHIP TODAY!

The mining industry needs an effective organization at once if it is to be rehabilitated and placed on a par with the industry in other metal producing states and made attractive to investing capital. The new state mining association is already functioning in an effective manner, although but two months old. A mutual insurance company is being incorporated which should reduce the cost of compensation insurance two thirds by another year and lift this heavy cost from the mining industry. If you want to see the industry flourish once more, you as an individual are going to invest five dollars a year to help bring this about. Sign the application blank below and send with your remittance to A. A. Willoughby, Secretary, Nevada City, Calif. Receipt will be mailed.

APPLICATION FOR MEMBERSHIP

I hereby make application for membership in the Mining Association of California and subscribe to the purposes and policies of the organization as outlined in the by-laws of the association.

SPORT NOTES

Standing of the Teams

	Won	Lost	Pct
Native Sons	23	13.	.639
Odd Fellows	22	14	.611
Corte Colombo ..	18	18	.500
Court Garfield ..	9	27	.250

Staging a whirlwind finish by defeating Corte Cristoforo Colombo in three straight games the horseshoe pitching team of Hydaulic Parlor, No. 56, N. S. G. W. overcame a two game lead of the Odd Fellows and won the local championship for the second time in the three years of competition.

Last Monday night the Odd Fellows won two of three games from Court Garfield and at that time it looked as though the best the Native Sons could hope for was to win two from Colombo and tie the Odd Fellows which would necessitate an extra series to decide the winnerin the tournament.

The Native Sons have always been good "money players" as the saying goes and bring forth their best efforts when points count strongly, and last Tuesday night they lived up to their reputation and took all three games from last year's champions.

Both the Native Sons and Odd Fellows put stronger teams into action this year, and both have a strong nucleus around which to build their next year's crusaders. Both Colombo and Court Garfield expect to have additional players developed by the time next winter blows off the mountain. Garfield especially are planning on making a stiff bid for next year's pennant and have already a string of colts casting their first shoes in preparation for deeds of valor in the tournament pastures.

This year the Odd Fellows experienced considerable success with their dark horse Boughman, who galloped home with many points for the I. O. O. F. It is understood that the team is already developing a successor dark horse for next year. The Natives this year were strengthened by White, their cub pitcher, and C. W. Chapman, who has steadily developed into a winning pitcher. It was "Doc's" double-ringer that broke up the tightest game of their last series with Colombo.

The date for the annual banquet and celebration has not yet been fixed but will be at some time in the early future. This is the time that the pitching shoes are locked up for another summer's rest and the rust-plated trophy shoe is formally presented to the winner of the tournament to keep until it it won by some other team. So far no team has won the trophy for two years in succession. This year, in addition to the possession of the traveling trophy the winners are to be presented with a pennant for their perpetual possession indicating that they won the tournament this year.

Monday's Scores:

Rore and Jeffrey, Court Garfield, defeated Carlson and Roberts, Odd Fellows, 51 to 49;

Haddy and Boughman, Odd Fellows, defeated Davis and Day, Court Garfield, 52 to 32;

Seaman and Arbogast, Odd Fellows, defeated Sandow and Ralph Leonard, Court Garfield, 51 to 47.

High Scores: Boughman, 32; Arbogast, 28; Carlson, 26.

Ringers: Boughman, 7; Carlson, 6; Roberts, 5; Leonard, 5; Rore, 4.

Tuesday's Scores:

Baker and Coughlin, Native Sons, defeated Fradelizio and Margaroli, Corte Colombo, 50 to 35;

C. W. Chapman and Hallett, Native Sons, defeated Toccalini and Cicogni, Corte Colombo, 54 to 46;

White and Muller Chapman, Native Sons, defeated Peter Giani and Virgil Giani, Corte Colombo, 52 to 41.

High Scores: Coughlin, 37; C. W. Chapman, 29; Cicogni, 27; V. Giani, 26; White 26.

Ringers: Coughlin, 9; Cicogni, 7; C. W. Chapman, 6; Hallett, White, M. Chapman, each 5.

CHEROKEE PROSPERS

CHEROKEE, Mar. 1 (Special to The Nugget)— Mr. Joe Swazey has bought a touring car.

W. McCullough and Miss Lucille Fogarty of San Juan were visitors here Saturday.

Mr. and Mrs. E. B. Frost of the Siberia mine were business visitors in Nevada City Monday.

Will Coughlin and Miss Mary J. Campbell of Columbia Hill visited their cattle ranch in the valley last Friday and Saturday.

Mr. Weaver and son of Berkeley, who have bought the T. J. Phelan ranch were up on business Sunday.

J. Anderson and son, who have been living on the Burgess place formerly called the Oak Tree ranch, have moved to their new residence near Cherokee.

James Phelan and H. Costa took a truck load of lagging to the Siberia mine Monday.

M. Wisler was a business visitor in Nevada City Wednesday.

Miss Virginia Day celebrated her birthday Friday and Mrs.. J. Pheland gave a dinner in her honor.

Mary Puller is on the improve and we all hope that she will improve from now on.

The many friends of Mark Cross were sure surprised to learn of his sudden death.

We sue have been having some very cold weather over here. A little snow most every day with heavy frost at night.

The many friends of P. W. Miller are sorry to hear that he is ill again with pneumonia. This makes the second time this winter for Mr. Miller to have it. We all hope he will soon recover.

We all enjoyed reading Joe Swazey's piece in The Nugget. and some have sent The Nugget a long, long ways from home to relatives who will enjoy reading it. Keep the good wor kup, Joe, and we all hope to see the old Ridge back again to near where it once was.

H. Watson of North Bloomfield is here to receive medical attention for abscesses in his right eye.

RECIPE TO DARKEN GRAY HAIR

You Can Make a Better Gray Hair Remedy Than You Can Buy

Gray, streaked or faded hair is not only unbecoming, but unnecessary.

Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and golssy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound and ¼ ounce of glycerine.

These ingrelients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the scalp, is not sticky or greasy and does not rub off.

Subscribe for The Nugget.

SOCIETY HAPPENINGS OF THE PAST WEEK OF VICINITY

GIRLS' ASSOCIATION GIVES A'FINE PARTY

A fine party was given by the Girls' Association at the high school Friday evening that was largely attended by the student body and the members of the faculty. There wree all sorts of games, stunts, dances and yells to enliven the occasion. A nice lunch was served during the evening.

NEVADA COUNTY LORELEI

Laura M. Hardenbrook.

Uu among sweet scented pine,
Where wild honey suckle entwine
Old "Rocky" raised his shaggy head,
From a slumbering lava bed.
On Shady Creek's green bank,
Ferns grow luxuriantly and rank,
The moonlight loves to gleam,
On this clear cool, mountain stream.
Thru flora andfarina both wild and tame
Once was an abundance of wild game,
All nourished from natures breast.
When all the world was at rest,
Lo! here an Artists dream came true
There are tints and colors of every hue,
There is a ledge of turquoise blue
With copper, silver and gold sprinkled thru,
A Guardian Angel waved his wand,
Awake! Lorelei 'tis "Halo Dawn!"
Come! Angel of Harmony toot your horn
Whisper it softly: "a new era is born".
He struck the right silvery note—
And formed a golden Chord of Hope;
She touched the companion string,
Eternal blessing from it spring.
Ethereal waves carry the tune,
As soul to soul each commune
In each in unison perfection blend,
With love without beginning or end"
T'was a Guardan Angel's lull-a-bye,
Mingled with a voice from on high.
So now we'll sing to you sweet Lorelei,
You're as welcome as flowers in May,
Crown you with a laurel wreath,
Wish you joy happiness and peace,
Henceforth where-ere your treasure may go
In His work and for His glory may you ever grow
To my mine The "Lorelei".

Mr. and Mrs. C. A. Shurtleff had as visitors over Washington's birthday and Sunday, Mr. and Mrs. C. Va Ricardi. of San Francisco, Mr, ond Mrs. Anderson of Oakland, Mr and Mrs. Thomas Shurtleff and son of Napa, Mr. and Mrs. Thomas Hall and son and daughter of Marysville, and Misses Lodema Stacy and Alice Thomas.

FRENCH CORRAL ITEMS

FRENCH CORRAL, March 1, (Special to The Nugget)—The last day of February does not dawn with clear skies. What a variety of weather this month has given us! Balmy days, Stormy days,—Wind, hail, rain, extreme cold, and summer warmth. Last Monday morning we were again greeted with the snow white mantle. Through all this, spring is trying so hard to get settled for the season. Last night's hail stones must have bruised the tender blossoms. Hope "Jack Frost" does not come and spoil the summer's fruit. We found his icy tracks Thursday (yesterday) morning.

Washington's birthday passed quietly in this place. About the only expression we could give was to float the flag.

Mr. and Mrs. W. E. Moulton made a trip to Sacramento Friday to bring their daughter, Frances, to spend the holiday at home.

Miss Louise Moulton came from North Bloomfield to spend the week end at her home in French Corral.

Mr. Geo. Sledens and Mr. H. Baxter who have been spending some time at the Grade House have gone away for awhile.

Miss Millie Clerkin and Harry Browning made a trip to Nevada City and Auburn, Saturday.

Harry Browning returned to his work in Browns Valley Wednesday.

Mr. and Mrs. R. Dalberg and children were San Juan visitors Sunday

Mr. and Mrs. E. K. Hatch and Mr. and Mrs. Sullivan of Nevada City visited friends in French Corral Sunday.

Rev. Fr. O'Rielly held services in Birchville Sunday. It was his first visit since this venerated old landmark had been made a target for vandalism. He and his congregation were certainly aggrieved to known there could be anyone in our midst who would perpetrate such a wicked act. As those of the older set viewed the bullet pierced wall and windows, memories cherished and sacred, brought back the many throngs, who in the distant past had assembled within those walls, the old building seemed to take on animation, making this act of destruction seem really cruel. Altho the guilty parties have not yet been identified, suspicion hangs very heavily.

Our friend Lawrence Calanan was the guest of honor at a dinner given for him Sunday. The occasion being his birthday. One friend was willing to sacrifice an aged pet rooster to contribute toward the chicken pie and another tried her hand at a new recipe called Harvard Pudding. The name should distinguish this. Buzz said if he died before morning he would know what killed him Oh no! Not because it wasn't good but because he ate so much. Another contributed cream cake and altho Buzz is not unused to the luxury of cream he says he hasn't time to "fix it up much". He is 82 years of age and hopes to round out the century mark. Well, laying all nonsense aside it was a very happy party and a delicious dinner was enjoyed by all.

W. E. Moulton made a business trip to Marysville Tuesday.

E. Clymo and E. Collins of Sweetland made a business trip to French Corral Wednesday.

Mrs. A. Browning went to Nevada City Wednesday to remain for awhile to care for her son, Willie. We are glad to state that Willie has recovered sufficiently from his recent operation to be taken to the home of his grandmother, Mrs. A. Browning, at Nevada City.

Mrs. F. Reader, who has been in San Francisco under the doctor's care eturned this week to her home in Sweetland. She is much improved.

Mrs. Sue Anderson has just returned from a trip to New York City where she has been buying.

A. F. Thore of Tyler was in Nevada City early in the week.

George Neagle, Jr., was among the many former residents who spent the holidays with relatives in this city. He resides in Oakland.

Another government arrest at Truckee has produced H. D. McConnell to be the guest of the Hotel de Carter for the present.

The Brian Kroughs have purchased the Solaro property on Lost Hill ano will make it thier home. The Solaros have gone to Sacramento to make their residence.

FOR SALE

W E DICK GETS THE CENSUS ENUMERATING

The personnel of the U. S. Census Office for the 4th California District with headquarters here was completed today with the appointment of Euell Y. Gray as general office clerk. L. J. Anderson, chief assistant, and Marion W. Whitehead, stenographer, were previously recommended for appointment to complete the office force which will be responsible for the population, agriculture, irrigation and drainage, unemployment, business and manufactures census for nine Northern California counties as follows: Alpine, Amador, Calaveras, Mariposa, Nevada, Placer, Sierra, Tuolumne.

Enumerators for taking of the business and manufactures census have been appointed as follows in Nevada county:

W. E. Dick, Grass Valley; Lotta W. Bryant, Truckee; Henry Johnson, Wm. Kuhlman, Placer county; H. S. Tibbey, Sierra county; Thos. L. Newport, Wm. F. Speer, Tuolumne county; Allen H. McCarthy, Calaveras county; Lois M. Stewart, Alpine county; Pearl E. Wright, Amador county; Mance Vaught, Miller Jones, El Dorado county; John L. Dexter, Mariposa county.

These enumerators will be in the field within the next few days and are expected to secure a detailed report of every wholesale and retail business establishment, every mine, quarry and manufacturing plant in their ristrict before the actual enumeration of population and agriculture begns on April second. Approximately 115 enumerators will receive appaointments for the April work, according to H. B. Thomas, Supervisor of the District, and thirty days is the time limit fixed by the census bureau for complete canvassing of each district. These appointments will be made the latter part of March, it was indicated. Applicants are requested to take a formal examination including a test population schedule which is rated and graded by the Bureau in Washington. In his statement, Thomas urged all applicants who have not already done so to return these papers at the earliest possible moment.

Mr. and Mrs. Alvin Kistle and family visited Mr. and Mrs. Antone Deschwanden over Washington's birthday.

Alvin C. Richard of Oakland is a business visitor in this city.

John J. Fortier and V. V. Foley were in charge of the roast beef dinner served two score hungry Bills Thursday night.

Ralph Prisk, son of Mr. and Mrs Henry Prisk of Grass Valley, was recently married in Chocago to Miss Agnes Schweyn.

Mrs. Carl Libbey and children left for their home in Eureka after an extended visit with Mrs. Libbey's parents, Mr. and Mrs. W. G. Richards. They were accompanied as far as Willets by Mr. and Mrs. E. M. Rector where they were met by Mr. Libbey.

Mr. and Mrs. Glen Pearce, recently wedded in this city, visited relatives over the week end in Nevada City.

Mrs. I. C. Lndley and son, Bayliss C. Lindley, arrived from Berkeley to spend the week end.

Mr. and Mrs. O. J Carpender and Mr. and Mrs. Raymond Austin of Oakland have been house guests of District Attorney and Mrs. W. E Wright.

Mr. and Mrs. R. W. Gaylord and daughters, Betty and Hermine, of Sacramento were visitors at the home of Mrs. C. J. Brand and Miss Minnie Brand.

Albert and Herbert Skeahan, former residents arrived Fiday night fom Oakland where they are employed in a motor company plant, to spend the week end in this city with relatives.

Bud Sharp arrived from Sparks, Nevada on a visit to his parents, Mr. and Mrs. W. F. Sharp.

Elias Marx Music Company hrough the cooperation of the Harmony Shop of Grass Valley offers exceptionally low terms and large discounts on all pianos now in the floors of the Harmony Shop.

This includes both new and used instruments, and may be traded later toward a grand or reproducing instuments.

Money back if it doesn't give stomach comfort in 15 minutes, and soon help restore good digestion.

LION CONVENTION IS HELD HERE APRIL 12

Donner District Council of the Lions Clubs will hold its quarterly meeting in Nevada City and Grass Valley April 12th with the two local clubs acting as hosts. The recent Frolic staged by the Grass Valley Club with Nevada City ocoperating has provided a good share of the expense money necessary to entertain the visiting delegation. In recognition of the hard work done by the Frolic cast a social evening is being arranged for next Thursday evening at Commercial Hall, Grass Valley, with dancing and card playing for the members of the cast and their ladies.

Valley, with dancing and card

WENDELL ROBIE TALKED

Wendell Robie of Auburn, was the speaker at the meeting of the Lions Club last week, taking for his subject Winter Sports, and particularly what the Abuurn Ski club hah been able to do above Baxters Camp on the Victory Highway.

TOGETHER WE TWO

She is charming, he is distinguished, although the gown is not new, and his tuxedo a veteran.

The secret?—Dry Cleaning!

Those who employ the wizardry of the dry cleaner's art are always well dressed for all occasions.
